Anti Social Behaviour Training

Certificate in Anti Social Behaviour Training

Introduction

Anti-social behaviour (ASB) includes a variety of behaviour covering a whole complex of selfish and unacceptable activity that can blight the quality of community life.

This course has been produced to help practitioners understand and reduce anti social behaviour and help create a safer community and a better quality of life for the people who live, visit and work in their areas.

Knowledge of staff will be enhanced through a better understanding of anti social behaviour, how it can affect the victim and the local community. Knowledge of how to use relevant resources will also be included.

Learners will be equipped through this training to enhance their understanding of anti social behaviour and provide a better service to those experiencing anti social behaviour.

Certificate in Anti Social Behaviour Training

Unit 1 Knowledge of Anti Social Behaviour

1.1 Outcome: To define anti social behaviour and your role in tackling it.
